## Celebrity Fashion, Fitness & Beauty SALLY FARMIOLOE

If your skin needs nourishing (or after you have successfully treated your blemishes) there are some wonderful new products on the market. DAYENNE COSMETIQUE has brought out an excellent new skincare range, reasonably priced, including cleansing milk, tonic lotion, a soap bar, mask, cover stick and day and night creams. The day cream is specially formulated for acne-prone skin as it will not clog the pores and the night cream is richer and contains Echinacea, Camomile, St. John's Wort, Vit E and young Brewer's Yeast cells. The products feel great on the skin and smell nice too. Order from:
