

## Face Mask

This uniquely formulated mask cleanses and regenerates skin naturally to rejuvenate skin. The formulation contains no preservatives. It is made from young brewer's yeast cells, Vitamins B1, B2, B6, nucleic acid, amino acids and biotin. Usage of this mask turns a dull, tired and blemished complexion into a healthy, glowing one. It makes the facial skin look and feel fresh and radiant. This easy to use face mask not only deep cleanses the skin but its special ingredients also regenerate skin cells for a younger looking complexion. It gently removes impurities and refines the skin's texture.

## Day Cream

An excellent moisturizer, this day cream regulates the secretion of sebum. Enriched with natural plant extracts such as Echinaceae, Carotin and young brewer's yeast cells it provides soft skin

protection for the entire day by forming a light film over the skin whilst dealing with blackheads and blemishes and preventing future breakouts. The day cream is suitable for all skin types – including oily and problem skin. It can be used several times a day. It noticeably reduces sebum production by about 20% within the first 20 days of application. Specially formulated for acne-prone skin, it won't clog your pores.

## Night Cream

This rich night cream moisturizes and nourishes the skin whilst you sleep. It strengthens irritated skin tissue, nourishes jaded skin throughout the night and inhibits inflammation. It contains pure natural ingredients such as Echinaceae, Camomille, St. John's Wort, Vitamin E and young brewer's yeast cells.

## Cover Stick

The perfect cover up! Made with allantoin, beeswax, a range of plant extracts and young brewer's yeast cells, this cover stick can be successfully used to camouflage anything from dark circles under your eyes to troublesome spots and blemishes. It can be used under the day or night creams.

## Our Philosophy

*"It's a funny thing about life; if you refuse to accept anything but the best you very often get it"*

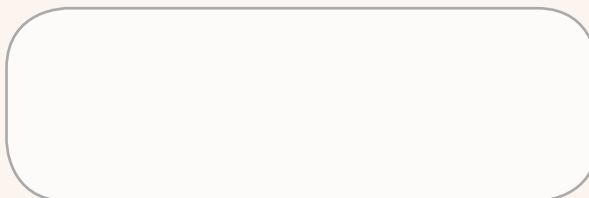

William Somerset Maugham

Our company's philosophy revolves around this quotation. We believe in the best - whether it be the products that we bring to our customers, the ingredients and formulations of the products or the level of customer service that we provide to our esteemed customers. We will go to all lengths to ensure that you are pleased with what you get from us purely because our tastes in life are simple ... we like the best!

## DAYENNE

The only skin you'll ever want!

“Finally...

... a skin care range that actually does what it says”

*“Dayenne is being touted by those in the know as a skin saviour”*

Evening Standard  
7th January 2005

## What is Dayenne?

Dayenne is a unique dermatologist-developed skin care range specially formulated for the care of oily, problem, sensitive and acne-prone skin. Manufactured by Germany's leading manufacturer of high-quality skin care products, Dayenne is exclusively distributed in the United Kingdom and Ireland by Sai Nutrition Centre Limited.

## The Discovery

A pharmacist searched the world for many years for a skin care product that would help his troubled skin. He had oily skin with pimples and slight acne. He tried every kind of skin care cream, lotion, over the counter medication and a variety of other treatments, but to no avail. His efforts for a treatment that worked heightened in the months before his wedding as he wanted to look his best on that special day. With luck on his side he discovered a skin care range which has been formulated by researchers at the University of Munich in conjunction with a French hospital.

The team of researchers, who were highly experienced in the field of skin care, whilst researching the benefits of beer yeast realized that young cells of brewers yeast had a beneficial effect on oily, problem and acne-prone skin. The team developed and patented a process to stabilize the young cells of brewers yeast, which could be safely used in the Dayenne skin care range.

The Pharmacist tried the Dayenne skin care range a week before his wedding and to his amazement and delight his skin not only cleared up but looked radiant as well. Delighted with the results, he was confident that Dayenne is the solution to oily, problem, sensitive and acne-prone skin.

### Here's the best bit:

The Dayenne skin care range can be used by both men and women, young and old. Easy to use and effective, Dayenne leaves skin looking healthier and oil free all day.

## How does Dayenne work?

Dayenne contains young brewer's yeast cells which:

- regulate the level of sebum produced by the skin without drying the skin out
- oxygenate and deep cleanse the skin pores
- help maintain a healthy skin pH mark of 5.0.
- Tightens and closes skin pores giving you a flawless complexion
- Exfoliate the skin to slough away dead skin cells, impurities, dirt and grime to reveal the fresh, new skin you deserve
- The rich antioxidant complex protects the skin from environmental damage
- Encourage natural cell renewal and regeneration giving you the only skin you'll ever want!

Enriched with pure natural plant extracts of Echinaceae, Rudbeckia and St. John's Wort, the Dayenne products have been formulated to ensure the overall health of the skin, leaving the skin feeling healthy and hydrated.

## Dayenne Skin Care Range

A healthy well-cared for complexion is always in style. This is easily achievable with a good skin care regime which combines superior skin care products and an excellent skin care ritual that will be most beneficial to the skin. Dayenne provides you with an unrivalled selection of innovative and contemporary skin care products that are natural, safe and effective for looking after oily, problem, sensitive and acne-prone skin. Daily usage of Dayenne, which has been made from young brewer's yeast cells and pure natural plant extracts, will reveal clear, young, radiant and glowing skin.

## Cleansing Milk

A milky soap-free cleanser that is excellent for deep skin cleansing. Enriched with pure natural plant extracts of Echinaceae, Rudbeckia, St. John's Wort and young brewer's yeast cells, this deep cleanser gently removes dead skin cells and other impurities whilst penetrating pores to attack bacteria. This super cleanser deals with troublesome spots and blemishes and assists cell renewal leaving the skin feeling smooth and refreshed. Daily usage is recommended to maintain a fresh, natural and healthy looking complexion.

## Soap Bar

A non-greasy soap bar made from natural ingredients like Palm oil, Echinaceae, Coccoate and young brewer's yeast cells in a fine coconut oil base. This Soap Bar is excellent for cleaning areas of the face, neck and shoulders that

may be prone to breaking out in acne. It can be used by men as a shaving soap, in which case the Dayenne Tonic Lotion should be used in place of an after-shave.

## Tonic Lotion

This refreshingly soft alcohol-free toner stimulates and refreshes the skin after cleansing. It removes dead skin cells, tightens the pores making them look smaller and more refined and stabilizes the pH balance of the skin so your skin looks and feels refreshed. Its soothing antibacterial properties, derived from natural ingredients such as Echinaceae, Calendula, Camomille and young brewer's yeast cells inhibit inflammation and stimulate and regulate the sebaceous glands so as to balance sebum production. It helps to maintain moisture levels of the skin and improves the condition of greasy and congested skin by gently balancing the skin tone.
