LONDON

Spring 2007 - Salon Today

DAYENNE

Dayenne has developed a cult following and is likely to be the skincare brand to watch out for in 2007.

Developed with the intention of dealing with oily, problem, sensitive and acne-prone skin, DAYENNE is a true winner. Featured in several British national papers and glossy magazines as a miracle cure for spots and blemishes, DAYENNE takes skincare to a new dimension by creating contemporary products which are highly innovative and which actually do what the label says.
